Art Unit: 3302

Restriction to one of the following inventions is required under 35 U.S.C. 121:

Group I. Claims 1-24, drawn to a treadmill, classified in Class 482, subclass 54.

Group II. Claims 25 and 26, drawn to a method, classified in Class 482, subclass 9.

The inventions are distinct, each from the other because of the following reasons:

Inventions Group I and Group II are related as product and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (M.P.E.P. § 806.05(h)). In the instant case the method as claimed can be practiced with another materially different product such as an exercise bike.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

A telephone call was made to Mr. Bruce J. Clark on September 25, 1995 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 C.F.R. § 1.48(b) and by the fee required under 37 C.F.R. § 1.17(h).

Any inquiry concerning this communication should be directed to Lynne A. Reichard at telephone number (703) 308-1159. Additionally, any facsimile transmissions concerning this application should be directed to Lynne A. Reichard at fax number (703) 305-3590.
